Institutional Basics

1. Entity Type

Your institution's Entity Type	<input checked="" type="radio"/> Single unit institution <input type="radio"/> Institution within system <input type="radio"/> System office <input type="radio"/> System summary
--------------------------------	---

For the remaining questions, if you are reporting data for a system office or system summary, please supply system-wide figures. Otherwise, supply institution figures.

2. Total Operating Budget

What is the dollar value of your institution's 2010-11 fiscal year total operating budget for educational and general operations and auxiliary enterprises? Include research funds and funded student aid. Do not include unfunded student aid (discounts) or capital funds. Ask your comptroller for this number. Budget is a required field.

	2009-10 \$	2010-11 \$
Total Operating Budget	442,664,300	453,349,300

3. Student Enrollment

Report student enrollment for fall of the 2010-11 academic year.

Please supply FTE enrollment figures by one of the three methods described below, which are listed in descending order of preference. FTE enrollment should always be less than FT + PT enrollment.

- If you can completely answer rows a, b and c, please do so. Then hit the "Calculate" button below the grid and row d FTE figures will be derived for you as follows: Number of Full-Time Students + (Fall Part-Time Credit Hours divided by 15 for undergraduates, by 12 for graduates).
- If you are unable to provide row c amounts, please complete just rows a and b (enter 0 if appropriate), leave row c blank, and then hit the "Calculate" button. FTE figures will be derived as: Number of Full-Time Students + 1/3 Number of Part-Time Students.
- If you are unable to provide amounts for at least rows a and b, please just enter your FTE figures directly in row d and leave rows a-c blank. Don't hit the "Calculate" button.

	Undergraduate	Graduate	Total All
a. Number of Full-Time Students	8,562	1,431	9,993
b. Number of Part-Time Students	1,257	1,052	2,309
c. Total Number of Fall Credit Hours Taken by Part-Time Students	6,285	4,147	10,432
d. Full-Time Equivalent Enrollment	8,981.0	1,776.6	10,757.6
Reported Last Year	8,738.0	1,664.3	10,402.3

4. Faculty Size

Please report faculty size figures for fall of the 2010-11 academic year. Include all full-time and part-time faculty (even if excluded in salary data).

Please supply an FTE figure for faculty by one of the three methods described below, which are listed in descending order of preference. The FTE number of faculty should always be less than the number of FT + PT faculty.

- If you are able to answer rows a-d completely, Faculty FTE will be derived automatically when you hit the "Calculate" button below the grid as: Number of Full-Time Faculty + (Total Number of Fall Course Hours Taught by Part-Time Faculty Only / Standard Full-Time Teaching Load in Course Hours).
- If you are unable to provide row d amount, please complete just rows a and c, leave rows b and d blank, and then hit the "Calculate" button. FTE figures will be derived as: Number of Full-Time Faculty + 1/3 Number of Part-Time Faculty.
- If you are unable to supply amounts for all rows a-d, please just enter the FTE figure directly into row e and leave rows a-d blank. Don't hit the "Calculate" button.

	Faculty
a. Number of Full-Time Faculty	752
b. Standard Full-Time Teaching Load in Course Hours for a regular semester (e.g., 15)	15.0

RESEARCHERS

Report salary data for full-time researchers only that are on annual contracts of at least 9 months.

Senior-Level Researcher: A senior-level researcher (e.g. senior research scientist, research project head or senior research engineer) who carries out independent research in his or her field of specialization. Incumbent is responsible for design, execution and interpretation of research projects, which he or she may head. Individual holds an advanced degree appropriate to his or her field of research or has related education and at least four years of high-level research experience.

Beginning-Level Researcher: A beginning-level researcher (e.g. a postdoctoral fellow or research fellow) who typically works under the general supervision of one or more faculty members. The position is designed to enable the individual to continue studies in a specialty training program while he or she gains practical experience in the field. Individual typically would have earned an advanced degree in his or her field of specialization within the last two years.
